

LED A LAMPS

SUPERIOR PERFORMANCE

- EFFICACY** • Excellent efficacy (LPW) and light output
- DIMMING** • Smooth, uniform dimming, down to 0.5% Visit www.tcp.com for the most up to date dimming compatibility.
- LIFE** • 25,000 hours (lasts at least 15 times longer than alternatives)
- LIGHT QUALITY** • High CRI (82) with great color consistency

ADVANCED TECHNOLOGY

- ENERGY EFFICIENCY** • LED A Lamps use up to 80% less energy than their incandescent counterparts
- COMPATIBILITY** • Works with most incandescent standard dimmers and systems
- COMPOSITION** • Robust design and solid state circuitry enables a long, durable life with zero maintenance
